1 Overview

This is a compilation of Immigration offices throughout Indonesia.

I asked a young Immigration officer in Sorong in March 2022 where I can extend my visa, he said “The Stay Permit, not Visa, can be extended in Kelas I, Kelas II, or Kelas III. For Kelas III, try to find Kelas III TPI.”

1.1 Source of Information

The source of this list is

<https://www.imigrasi.go.id/en/hubungi-kami-kantor-imigrasi/> as of March 2022.

I do not know how up to date the information is.

1.2 Location Information

I have compiled a gpx file (waypoints that can be imported into OpenCPN) that show the GENERAL locations where an immigration office can be found. It is up to YOU to verify that the office does, in fact, exist, and can process a tourist Visa extension.

I did this, the first iteration of the location information while offline, and I could not locate the exact location of offices, but did manage to location the general location of each office (except for a few).

If you do locate a specific office, and have helpful comments about your extension experience and/or a specific GPS location, please email them to me at sherry@svsoggypaws.com

The most up-to-date copy of this document can be found here:

<http://svsoggypaws.com/files/#Indo>

1.3 Document Terms

1.3.1 TPI

Offices have (TPI) or (Non TPI) after them. What does this mean?

Immigration Checkpoints (TPI) are checkpoints at seaports, airports, cross-border posts, or other places as places of entry and exit from the Indonesian Territory.

1.3.2 Kelas I, Kelas II, and Kelas III

The difference from the Immigration Office class is the difference in workload and also the location of the Immigration Office. Special Class I Immigration Offices are located in the capital or province, Class II Immigration Offices are located in districts or cities and Class III Immigration Offices are located in certain areas.

1.4 Document Layout

The Indonesian Provinces are shown below. I have broken this list into the following general regions:

- Eastern
- North Central
- South Central
- Western

Within each region, the provinces are listed roughly east to west.

2.3.3 SAUMLAKI – PORT OF ENTRY – NOT Visa Renewal!

Saumlaki is not listed on the Immigration website where I got this list of all the Immigration offices. The Immigration officers in Tual said that it is only a border port and CANNOT process visa extensions!!

Comment from one cruiser (who was checking out of Indo) from Saumlaki in 2018:

“The coordinates provided by another cruiser (07°58’43”S 131°17’59”E) were pretty spot on, perhaps one house off. There is a small banner advertising passports on the house to announce that it is the right place. We also used the email address that someone posted (umumkanimtual@gmail.com) to notify Immigration that we would be coming.”

Also, in 2022, in response to a request for contacts in Saumlaki, someone recommended Higin (see on FB), Tour guide. Call me anytime to serve you. whatApp: +62 - 82199647685. Tlp. +62 – 82399478392

And Raymond Lesmana posted this contact (his uncle) in Saumlaki: George Kdise (facebook name)

Tlp: 082 1983 2000 2 For Whatsapp: 082 1981 85 413

Another Indonesian contact gave me this contact for Saumlaki
